### EXPERIENCE

- Exam Management Web App**  
usthb university  
2025–2026

- Built an internal system for managing exam schedules, supervising staff, and assigning modules. Led UI design using Figma and built dynamic forms with React.
- 3D Artist & Game Developer**  
2022–2026

- Created multiple games and animated scenes using Blender, Unity, and Unreal Engine. Led a team to first place in a game dev challenge competing against 12 other teams.
- Frontend Developer – Personal Portfolio**  
2024–2025

- Designed and developed an interactive, responsive portfolio site showcasing my skills, projects, and design approach. Utilized React, TypeScript, and Figma.

### ACHIEVEMENTS

- First place in university game dev competition
- Second place in national programming challenge
- Created over 3 interactive games and several animated 3D shorts

### TECH STACK

- Languages: HTML5, CSS3, JavaScript, TypeScript
- Frameworks & Libraries: React, Tailwind CSS
- Design Tools: Figma, Adobe Illustrator, Adobe XD, Blender
- Other Tools: Git & GitHub, Framer, Vite, Visual Studio Code
